Todd Asset Management LLC, formerly Todd-Veredus Asset Management LLC began operations on June 1, 1998 as Veredus Asset Management LLC (VAM). Effective May 1, 2009, VAM combined with Todd Investment Advisors, Inc. (TIA). TIA (and its predecessors) was founded in 1967 by Bosworth M. Todd. Upon the combination of VAM and TIA in 2009, Veredus Asset Management LLC changed its name to Todd-Veredus Asset Management LLC (TVAM). On February 28, 2013, after a change in ownership involving some VAM unitholders, TVAM changed its name to Todd Asset Management LLC. The firm continues to offer the same strategies managed by individuals using the process founded under TIA.

The performance information is presented on a trade date basis, both gross and net of management fees, net of transaction costs and includes the reinvestment of all income. Net of fee performance was calculated using the applicable annual management fee schedule of 0.60% applied monthly. Actual investment advisory fees incurred by clients may vary. The currency used to calculate and express performance is U.S. dollars. All cash reserves and equivalents have been included in the performance. As of 12/31/17, the benchmark was changed to the MSCI ACWI (net) from MSCI ACWI (gross). The ACWI (net) is computed net of foreign tax withheld on dividends, this is consistent with the composite. The composite performance has been compared to the following benchmark. The index is unmanaged, and not available for direct investment; it includes reinvestment of dividends; it does not reflect management fees or transaction costs: **MSCI ACWI (net) Index** is a float-adjusted market capitalization index that is designed to measure the equity market performance of developed and emerging markets.
